

WARM WHITE TAPE KIT

FLEXIBLE LED LIGHTING

There are projects when you need flexibility. We have the answer. LED tape is unique in its pliability, and can be cut every 4", ensuring you are never stuck with the wrong size.

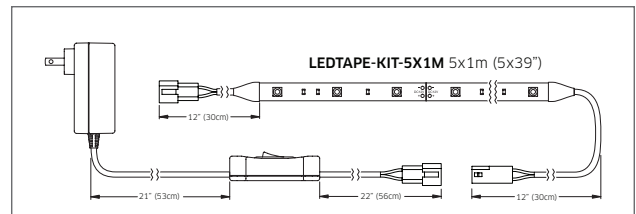

KEY FEATURES

- Can be interconnected
- Driver included
- Quick installation

MODEL

LEDTAPE-KIT-5X1M

5 x 1 meter (196") 24W flexible LED Strip, 2700K, includes a 30W plug-in driver as well as "cross" and "L" connection accessories

SPECIFICATIONS

- Over 50,000 hours of service life.
- 12V DC LED driver included.
- Excellent color rendering.
- Superior LED performance and lifespan.
- Minimal heat emission.
- Very low profile.
- Can be cut at every cut mark (4").
- Dimmable with DALI dimming power supply and most low-voltage electronic dimmers.

INSTALLATION

- Intended for surface mounting only, in any direction.
- Very low profile and 3M® adhesive make it very easy to install in usually inaccessible places.
- Multiple LED tapes can be linked together (up to 6 meters).
